Name(s) of Reviewer(s)		Date	

NOTE: All questions that address requirements contain the citation for the source of the requirement (statute, regulation, NOFA, or grant agreement). If the requirement is not met, HUD must make a finding of noncompliance. All other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding**."

Instructions:

States are required, under 24 CFR 570.484 and sections 101(c) and 104(b)(3) of the Act, to ensure that not less than 70% of their funds are used for activities which benefit low- and moderate-income persons over a period not to exceed three years. This exhibit is designed to review the extent to which this requirement has been met. One form for each time period should be used, e.g., if a state picked a one-year period for 2002 and then a two-year period covering 2003 and 2004, the HUD reviewer would use two forms in determining compliance (one for each period).
